

How to sign multiple COVID waivers on ENYTB.com?

There are two common situations that require this:

1. Family has multiple children playing in the league; or,
2. Parent is a coach in the league and has one or more children playing in the league.

*Note: An adult who coaches multiple teams only needs to sign coach waiver once. A player who is rostered on multiple teams only needs to sign player waiver once.

A single email address can be shared as the username for ALL family members.

Each person has a **UNIQUE PASSWORD**.

To get each password, use the RETRIEVE PASSWORD/LOST PASSWORD page:
<https://www.enytb.com/getpassword.php>

Retrieve Password(s)

To recover your lost password, please enter your email address:

Enter the email address you wish to sign the waiver from and click SUBMIT.

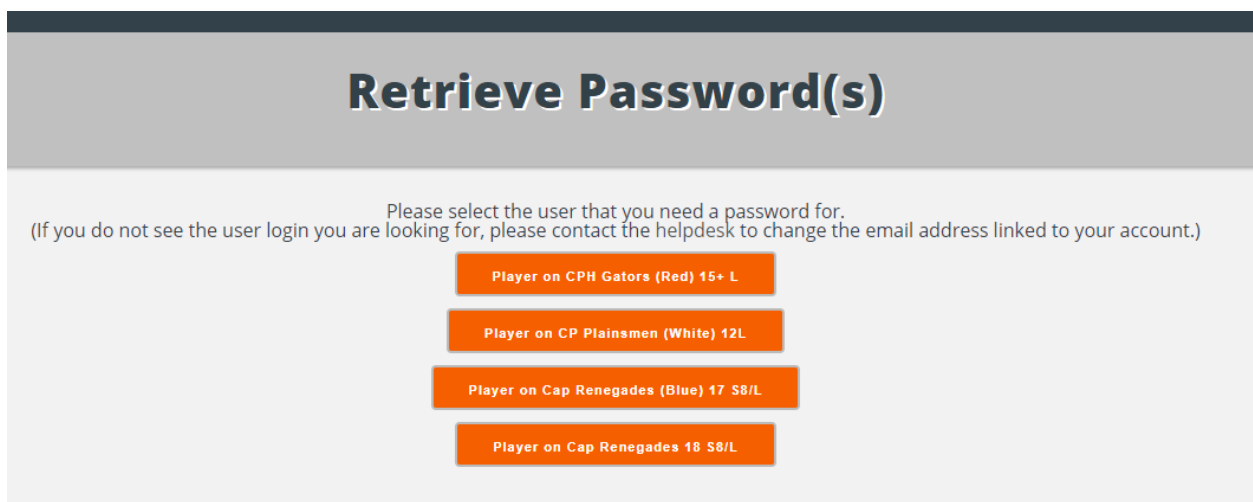

IMPORTANT: If system returns message that you are not a registered user, it means the email address you entered is not the email address associated with you or your player on his team roster. This happens if email address on roster is misspelled or is not current or if your player(s) have their own email addresses. In this case you can either ask your manager to change the player's email address to the email address you wish to use to sign the waiver form, or you can ask the

league to do so via the HelpDesk. Be sure to include all info we will need to identify the coach/player(s). As soon as we update your email address the system to send you an email with the new password/login.

Let's continue on, assuming the email address you entered is registered in the system.

The results will show all the passwords available for your email address:

Example 1:
